💼 WORK EXPERIENCE

Meat Livestock Australia/Integrity Systems

Technical Lead/ScrumMaster, Apr 2013 – Current

Animal tracking and disease outbreak control. A database is maintained of all red meat animal movements and incident control to ensure Australia's export markets and food safety.
This was a really varied role which involved stakeholder engagement, programming & reporting and agile process management.

Community Engine

Technical Lead, Mar 2011 – Dec 2013

I was a tech lead responsible for the services division of the company. We used an impressive technology stack hosting our infrastructure on AWS scalable services, and used MVC 4, Mongo DB and SOLR.NET as core components to build a scalable web infrastructure.

Consultant

Full-stack, Apr 2006 – Feb 2011

Working with some of Australia's biggest companies and famous brands including TELSTRA, TOURISM AUSTRALIA, the WIGGLES, PIZZA HUT.   These were all functional sites and included work with payment gateways, mapping, custom database and user management.

Fairfax Media – Domain Group

Technical Lead, Apr 2006 – Aug 2007

Domain was completely rebuilt including new personalisation features, google maps technology and a built in CMS. The site won the best classifieds site at the AIMIA marketing awards judged on technology excellence, aesthetics and product design.

BlueSkyFrog/Legion Interactive

Senior Programmer, Feb 2000 – Sep 2005

Legion Interactive is best known for providing the high volume voting systems for Big Brother and Australian Idol TV programs.
BlueSkyFrog was a start-up company which sold ringtones & mobile add-ins. In 2000 it was a top 10 site for over 5 months

RMIT University

Software Engineer, Feb 1997– Jan 2000

Built and designed an employment database for students to find jobs, information sessions & career events including subscriptions.
Graduate Destination Survey – design, execute and report on graduate salaries & employment levels.

🎓 EDUCATION

Computer science with a major in Robotics and Instrumentation

RMIT University, Melbourne Australia Bachelor of Applied Science Degree, 1994
